SDM Repairs & Maintenance Newsletter – July 2023

Issue 2311

Welcome to our next Repairs & Maintenance newsletter of 2023.

To coincide with the release of module reviews, any module updates, and available add-ons we will be issuing a newsletter with some details of the new features.

Phase 2 of the Repairs & Maintenance review enhancements has now been released.

What's new?

All the following enhancements are available in our latest release for **Licence Year 2023.3** -

1. Bulk Authorisation of Jobs
2. Fixed Cost Codes Jobs will have a separate Nominal Code for each Fixed Cost Code and flow through to Purchase Ledger Invoice
3. Maintenance Contracts ability to copy contracts
4. Maintenance Contracts completion allows comments to be completed in bulk and also flow through to the appliance or cyclical further description field
5. Stock Type Quantity has configurable options to keep the quantity in sync between the Property and the Job
6. Option to configure default attachments for emailed jobs
7. Option for Supplier diary pop-ups to display in Job entry
8. Supplier Enquiry and Supplier Diary menu options added
9. Query facility has additional fields for the Property Scheme, Control Group, Management Area and Manager Code
10. Customised Export for Property File has additional tabs for Appliance, Cyclical, Room Details, Stock Condition and Maintenance (which includes EESSH 2nd Extended Data)

If you are interested in knowing more or would like to have these enhancements upgraded on your system, please discuss with your organisation's SDM support contact or contact the SDM Helpdesk
